

Voice Smart Networks Selected to Attend Technology Assurance Group's Annual Convention

Los Angeles/Ventura/Orange County/San Diego— February 26, 2018 – Voice Smart Networks, a leading managed technology services provider, announced today that the company has been selected to attend Technology Assurance Group's 18th Annual Convention in San Diego, California on April 28th through May 2nd. TAG is an organization of managed technology services providers (MTSPs) in North America representing \$350 million in products and services. The focus of the convention is enhancing the customer experience. An impressive lineup of CEOs, futurists, tech experts, professors, researchers, authors and speakers will share valuable information on this very important theme.

"It is an honor to be selected to attend the industry's most popular event and share our unique approach to the customer experience with other like minded MTSPs from across North America," stated Ryan Mulvany, VP of Sales & Marketing of Voice Smart Networks. "It gives us a chance for leaders to be amongst other leaders and the creativity and innovation that emerges from that type of environment is always invigorating. As a company, we're constantly researching new ways to serve our customers and being around other CEOs who are dedicated to the same exceptionally high levels of service always helps us gain new ideas to improve our customers' experience."

The convention will showcase world renowned customer experience keynote speakers and authors like

Shep Hyken, Dr. Jeane Twenge, and Jason Young. These experts will enlighten attendees on how to amaze every customer everytime, leverage the talents of the millennial and iGen generations to deliver a phenomenal customer experience, and highlight ways to create a customer centric culture to develop the ideal customer relationship.

"It's important for us to always be one step ahead," reiterated Mr. Mulvany. "We consider it our obligation to constantly be educating ourselves and discovering new solutions. That's why we invest in events like these, they give us great ideas, excellent opportunities to collaborate and it helps us maintain our leadership position in our industry."

About Voice Smart Networks

Founded in 1982, Voice Smart Networks is Southern California's leading unified communications company. The company's mission is to increase its customers' profitability, improve their productivity and give them a competitive advantage by implementing the right technology. Voice Smart Networks is the only provider that protects its customers from the two risks of technology - obsolescence and cost. As its customers' trusted technology advisor, Voice Smart Networks has earned the position as the market leader and its customers' business through quality products and services.

As a premier member of Technology Assurance Group, Voice Smart Networks is able to fulfill all of its customers' technology needs. This means that the organization is the ultimate resource for business phone systems (VoIP and Session Initiation Protocol (SIP) provisioning), Managed IT Services, Network Security, Video Conferencing and Disaster Recovery.
